ABOUT ME

Experienced Senior System Engineer with 10+ years of experience working with high-availability systems. I currently work for Siemens Norway, helping our Nordic customers by installing, configuring, troubleshooting, and supporting their Spectrum Power (SCADA) systems. Because I've been working in an international environment and have always had to deal with colleagues from other countries, one of my strengths is my ability to communicate effectively with people from various cultures. I'm always enthusiastic about learning and undertaking new challenges.

PROFESSIONAL BACKGROUND

Senior System Engineer

Siemens

Mar. de 2023 - Atual

Installing, configuring, troubleshooting, and supporting the Spectrum Power systems in the Nordic countries.

Used skills:

Throubleshooting

VMWare

Senior Support Engineer

e-Core / Atlassian

Siemens

Jan. 2014 - Dec. 2018

Used skills:

O QA Tester (Intern) Siemens

Jan. 2013 - Dec. 2013

Execute and automate test books for the Siemens SCADA system; Install and maintain vulnerabilities patches for AIX machines.

Used skills:

INTERNATIONAL EXPERIENCES

O Vienna, Austria Siemens

Nov. 2018 - Dec. 2018

I've been in Vienna for two weeks for a kick-off meeting of the first Siemens ADMS project in Brazil where we discussed how to migrate customer's data from a very old SCADA to Siemens SCADA ADMS.

Medellín, Colombia Siemens

Jul. 2018 - Aug. 2018

I've been in Medellin for one month to support the local team during the project implementation of the very first EMM (Energy Market Management) system of Latin America on XM company.

Nuremberg, Germany Siemens

Nov. 2016 - Dec. 2016

I've been in Nuremberg for six weeks to learn how to install and parametrize the Siemens ADMS solution.

Minnetonka, United States Siemens

May. 2016 - Jun. 2016

I've been in Minneapolis for six weeks for training on the job where I've learned and improved the communication components of Siemens ADMS solution.
